Re: ADOT ECS File JPA 97-100/Glendale #C-3714
AZTech Project /TRACS No.: H4450 02X
Amendment Two

Dear Mr. Janke:

Conditions have changed since the production of the AZTech agreement (enclosed). We may use this instrument to reflect those changed conditions.

Therefore; on page 2, under Scope of Work, the following paragraphs are added to read:

1. City will:

l. "Enter into a contract with a Traffic Check Vendor to install Traffic Check Services on City-owned public access CATV channel. Upon installation, invoice the State for the actual cost of the initial Traffic Check installation and the first year of operation and maintenance (O&M), in an amount not to exceed \$45,750.00."

m. "Provide O&M for the Traffic Check system after the first year, for at least three additional years at an expected cost not to exceed **\$10,000.00**. The O&M requirements can be reviewed after the first year and the O&M level can be revised, if desired, based on that review".

n. "Purchase and install a special router connection in order to receive and transmit data for RCRS subsystem, at an estimated amount of \$1,471.00. Upon installation, invoice the State fifty (50%) percent of the actual cost to purchase and install the special router connection, estimated at \$735.00."

2. State will:

h. "Upon receipt of an invoice from the City, remit payment for the actual cost of the initial Traffic Check installation and the first year of O&M, in an amount not to exceed \$45,750.00."

i. "Upon installation and receipt of an invoice from the City, remit payment for fifty (50%) of the actual cost to purchase and install the special router connection, estimated at \$735.00".

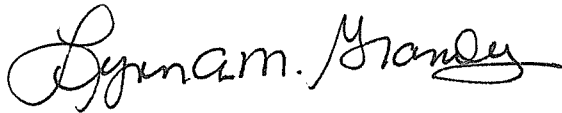

All other terms and conditions of the agreement remain the same.

To properly memorialize this amendment, and to insure a meeting of the minds, please indicate your concurrence by signing in the space provided below and return one original to the undersigned at the above address to the attention of Mail Drop 616E.

Mr. Richard Janke
JPA 97-100
Amendment Two
